SHAMAN MEDICINE WOMAN

INTRODUCTION

The Eternal Flame Meditations are a compilation of messages heard in the wind and from the flames of the fires. They come from as inspiration and guidance for my own journey; and as I have shared them with others, I have been humbled and honored to hear that they too are soul touched by the messaged.

It is said to touch another soul is to walk upon holy ground. Soul truth comes from the soul compost that is beneath our feet as we journey together. It is hope that these words will be experienced as sacred thoughts to perhaps offer insight and guidance upon your journey as they have for me.

Each one is followed by a thought and a mantra to affirm your walk.

A Few Parting Words

We have reached the end of our four month journey of meditations and Mantra's. It is my deepest hope that you have discovered your soul's beauty.

The Eternal Flame of Love is of the soul. It is instantaneous. It is Universal. It is never bound or limited. It is endless. Yet - it is a choice.

Although a door may be opened for you, only you can make the choice to walk through and claim the treasures that lie beyond

Keep Your Life Simple -Stop rushing and stop to savor the smell of a rose. You are a direct link to creation of life - the creation of the Universe. Stop and listen. It is within your own journey that the answers will be found.

Every action, every thought, and every feeling is motivated by an intention. Intention is the cause. If we participate in the cause, then we also participate in the effect.

You are a matrix of light. The frequency of your light is dependent upon your consciousness.

Shift your consciousness; shift the frequency of
your light. Light represents consciousness

The time is now to ignite your sacred inner
temple with fire radiating its splendor to the
world through eternal flames of love.

All of my love and I carry you in my soul
sending you the Eternal Flame of Love.

Mwah
